■ WORKS WITH ANY WINDOW MOUNTED GPS

■ PRODUCT FEATURES:

- The most convenient mounting accessory for your portable GPS device. Turn your windshield mounted GPS device into a dash mounted GPS device.
- The Nav-Mat combines the physics of weight distribution along with high tech anti-skid materials creating a solid mounting base for your window mounted device.
- The Nav-Mat contours to the top of your dashboard allowing it to work on uneven and textured surfaces and the anti-skid underside keeps your device from sliding.
- The Nav-Mat works with devices up to several pounds using the windshield suction mount that is sold with most popular GPS devices.
- With a no fastening and no tools installation, the Nav-Mat can easily be moved from vehicle to vehicle and keeps your GPS in close view.

- Weighted Anti-Skid Base
- Easily View Your GPS While Driving
- Contours to Your Dash
- Uses the Stock GPS Windshield Mount
- No Tools Required
- Portable and Stow-Able, Keep Out of View
- Holds up to Several Pounds
