Features

- ▲ FM Tuner with 40 Presets Allows you to program 40 of your favorite FM radio stations.
- CD-R/RW¹ and MP3 Playback Capability Plays CD-R/RW discs with MP3 files burned in either a CD or home recording deck.
- 1-Line LCD for ID3 Tag Allows for fast and easy identification and location of your MP3 formatted selections.
- Skip-Free² G-Protection™ Technology Continues to provide quick recovery from both horizontal and vertical shock.
- Full Circle Design Compact design mirrors the look of the CD itself.
- Multi-Language Support for LCD Text Displays information on compact discs that contain encoded text data that can include the artist name, disc name, and/or track name. (English, French, German, Italian, Spanish, Portuguese and Russian)
- 5 Direction Control Key Single button control with 5 individual functions providing an easy and convenient way to control music and navigation.
- 12 Playback Modes/Bookmark Playback Function Offer many predetermined choices in the playback of CDs, including: Normal Play, Group Play, Single Track Play, Shuffle Play, Group Shuffle Play, Bookmark Play, and Repeat Play for all play modes.
- Digital Mega Bass® Sound Uses digital processing technology to produce rich, deep, bass tones with extremely low harmonic distortion.
- 2 Position Automatic Volume Limiter System (AVLS) Maintains volume output at levels below distortion threshold for cleaner sound reproduction.
