

# Epson R2880 Photo Printer

Exhibition quality prints.

## Features/Benefits

- Create exhibition quality prints with Epson UltraChrome K3™ with Vivid Magenta Ink
- Print astounding reds, blues and purples with advanced magenta pigments
- Achieve an outstanding tonal range with three-level black technology
- Control neutral or toned black-and-white prints using Advanced Black-and-White Photo Mode
- Achieve smoother color transitions, and improved highlight and shadow detail, with Radiance™ technology
- Do more with superior media versatility — print on roll paper, fine art media or 1.3 mm thick art board
- Realize consistent output from printer to printer with Epson PreciseColor™ — no calibration required
- Get greater reliability with automatic nozzle checks and a mist collection system

Safety	UL60950-1 CAN/CSA C22.2 No. 60950-1 FCC part 15 Subpart B class B CAN/CSA-CEI/IEC CISPR 22 Class B
EMC	

## Power Requirements

Rated voltage	120 VAC
Rated frequency	50 – 60 Hz
Rated current	0.5 A (1.0 A max.)

## Power Consumption

Approx. 20 W	(ISO/IEC 24712 letter pattern)
Approx. 4 W	(Sleep Mode)
ENERGY STAR compliant	

## Warranty

One-year limited warranty in the U.S. and Canada

- We recommend that you use genuine Epson cartridges. The use of other products may affect your print quality and could result in printer damage. Yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a variable amount of ink remains in the cartridge after the "Replace cartridge" indicator comes on. The printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer. See [www.epson.com/cartridgeinfo](http://www.epson.com/cartridgeinfo) for more information about cartridges.
- Color photo speed on Premium Photo Paper Glossy measured from start of paper feed. Additional processing time will vary based on system configuration, software application and page complexity. See [www.epson.com/printspeed](http://www.epson.com/printspeed) for more information about print speeds.
