

Introducing the Economy LapTop Cart™, the most cost effective way to store and transport laptops in a classroom or corporate environment.

- The open model allows for easy access to laptops and cord management.
- The tambour door provides security for laptops while not taking up valuable floor space or adding unnecessary weight.
- Tambour door opens easily and secures with a key lock.
- Powered and non-powered units available.
- The laminate top provides a smooth work space to place a laptop on or use as a writing surface.
- Locking casters allow the cart to be moved from room to room.
- Available in 19 standard colors.
- Powder coat paint provides protection against scratches.
- Made in the USA.
