LG 43 Series LCD Monitors combine superior technology with convenient features that provide a clearer, crisper and more color accurate image in an economical solution. The 43 series utilizes LG's award winning f-engine for a more life-like picture. Combined with refresh rates as low as 5ms and dynamic contrast ratios of up to 30,000:1 this series is perfect for today's demanding graphics and video intensive applications. The 43 series also incorporates the "Fun Package" suite, which includes image auto-scaling, photo effect and ez-zoom further enhancing the capabilities of this series of computer monitors.
