

Mio DigiWalker™ C220

Portable GPS Navigation Device

Mio DigiWalker™ C220

Perfect for any road trip, the Mio DigiWalker™ C220 is an easy-to-use portable GPS navigator. Affordable and stylish, the C220 makes it easier than ever to get where you're going – even if you aren't sure where you want to go. Accurate GPS positioning, world class map data, and a comprehensive list of Point of Interest locations make sure that every journey begins and ends just the way you want it to.

Head out

Ready to go – straight out of the box – the Mio DigiWalker™ C220 comes complete with full maps of the U.S. preloaded on an included SD memory card. Simply power up the C220, insert the SD Card, clip it into the included car mount and you are ready to explore your world.

Attractive and accurate, the C220 turns every trip in to a journey.

Look out

As the C220 is designed to be portable, the overall look and feel of the device must lend itself to being easily moved from car to car, from pocket to purse, or from suitcase to briefcase. With this in mind, the C220 was created with an internal GPS antenna that will not catch or snag, no sharp corners to annoy, and a semi gloss finish which will resist wear and ensure that the C220 will look as good as it performs for years to come. Form, function and fun come together as never before in the Mio DigiWalker™ C220.

Very interesting

As you travel from place to place during the day, you may need to fill your tank or your stomach, and the Mio DigiWalker™ C220 makes it easy to do both! Containing over 3.5 million Point of Interest locations, such as restaurants, hotels, or gas stations, you are never more than a few keystrokes away from your destination. Simply select the category of your desired location, make your choice from the provided list and you are ready to find just about anything you may be looking for.

It's where you're going.
