- Line Input Recording (Non-Tuner)<sup>1</sup>
- BRAVIA® Sync™ for Theater<sup>7</sup>
- Compatible w/ DVD-RW/-R/+RW/+R/+R DL, & DVD RAM media
- DVD-Video/Video CD/SVCD/CD-DA (CD-R/-RW) playback<sup>5</sup>
- MP3 audio and JPEG image playback
- Set Top Box Controller (IR Blaster)
- Variable Bit Rate Recording
- Record up to 14 hr on one disc (DVD+R DL at SLP mode)
- Dolby® Digital Decoding Playback Compatible

### Key Technologies

**HDMI™ connectivity** HDMI™ connectivity delivers 1080p/1080i/720p upscaling<sup>4</sup> for DVD and VHS video and simplifies cable connections.

**Line Input Recording** Line Input Recording (non-tuner) lets you record your favorite television programs from a cable or satellite set-top box<sup>1</sup>.

**One Touch Dubbing** One Touch Dubbing allows you to burn and enjoy your photos and home video from compatible USB<sup>2</sup> or i.LINK®-based<sup>3</sup> digital cameras and camcorders<sup>3</sup>.

**BRAVIA® Sync™ for Theatre<sup>7</sup>** BRAVIA® Sync™ for Theatre<sup>4</sup> technology utilizes the industry-standard HDMI™ CEC function to provide one button access and control of the appropriate inputs for your BRAVIA HDTV and HDMI-connected A/V components<sup>4</sup>.

**Multi-Format DVD compatibility** Multi-Format DVD compatibility provides a high level of compatibility with DVD players and recorders.

**Digital music and digital image playback capability** Digital music and digital image playback capability lets you listen to MP3 encoded audio files or view JPEG images encoded on CD or DVD media<sup>5</sup>.

**Set Top Box Controller** Set Top Box Controller (IR Blaster) controls the channel functions of most cable set-top boxes or satellite receivers for timer recording.

UPC Code: 27242731318

1. Line-in Recording feature requires connection to cable, satellite, or other set-top box with built-in ATSC tuner. Cable or satellite service may be required. Fees may apply.
2. Only for Sony USB compatible devices. Not all products with USB connectors may communicate with each other due to chipset variations and specifications.
3. i.LINK is a trademark of Sony used only to designate that a product contains an IEEE1394 connection. The i.LINK connection may vary depending on the software applications, operating system and compatible i.LINK devices. All products with an i.LINK connection may not communicate with each other. Please refer to the documentation that comes with any device having an i.LINK connection for information on compatibility, operating conditions and proper connection. For more information on any Sony device having an i.LINK connection, contact Sony at 1-800-686-7669.
4. Requires HDTV with HDMI connector (sold separately) and equivalent display capability. Upscaled image quality will vary.
5. Playback depends on recording conditions. DVD and CD media/formats are not universally compatible.
6. Multi Brand TV remote is compatible with most major TV brands. Please check owner's manual to determine compatibility.
7. BRAVIA® Sync™ for Theater works with select Sony television and home theater products. Please check owner's manual to determine compatibility.
