

Key Features

- 7.1 Channel A/V Receiver (110W x7 @ 8 ohms 1kHz 1% THD)
- 7 HD Inputs (4 Active HDMI and 3 Component Inputs)
- Enhanced Color Range (Deep Color and x.v.Color™ technology)<sup>6</sup>
- Blu-ray Disc Audio Decoding (Dolby® TrueHD/dts®-HD/LPCM)
- Wireless Multi-Room Audio Ready (S-Air™ Ready)<sup>1</sup>
- Satellite Radio Ready (Sirius Radio Ready)
- Quick Speaker Set Up (Digital Cinema Audio Calibration)
- Multi Function Audio Port (DIGITAL MEDIA PORT)
- One Touch Play (BRAVIA® SYNC)<sup>3</sup>
- Supports 24p True Cinema™<sup>4</sup>

Key Technologies

**HD input x 7** Get versatile HD connection options with seven HD inputs. Four HDMI™ inputs (up to 1080/60p capable)<sup>1</sup> let you connect a Sony® PlayStation® 3 entertainment system, Blu-ray Disc™ player, or any other HDMI-capable equipment and get uncompressed digital video and multi-channel digital audio on a single cable per device<sup>2</sup>. Three HD component inputs provide added HD-capable connectivity and added versatility.

**Enhanced Color Range (Deep Color & x.v.Color™ technology)** x.v.Color and Deep Color technology takes HDTV color expression to new levels. When the STR-DH800 is connected to x.v.Color capable video sources, such as Sony® Blu-ray Disc players, x.v.Color capable BRAVIA® HDTVs can display nearly twice as many (1.8x) viewable colors as the existing RGB color standard, resulting in more natural, life-like images.<sup>6</sup>

**Blu-ray Disc™ Audio Decoding (Dolby® TrueHD/dts®-HD/LPCM)** Support for enhanced audio formats from Dolby® and dts® capable of reproducing high definition sound with 7.1 channels of discrete audio so you can enjoy uncompromised audio the way the director intended. Dolby® TrueHD and dts®-HD bitstream internal decoding via HDMI™ .

**Wireless Multi-Room Audio (S-Air™ Ready)** Share music from room to room with ease. Simply “plug and listen” with the optional S-Air transmitter and the AirStation client (each sold separately); you can instantly listen to your favorite music in another room or in multiple rooms<sup>1</sup>.

**Satellite Radio Ready (Sirius Radio Ready)** A world of digital radio is at your fingertips. Connect the optional accessory antenna, sign up for Sirius service (fees apply) and enjoy the variety of digital radio with the superior sound quality of an A/V receiver.

**Quick Speaker Set Up (Digital Cinema Auto Calibration)** Simply place the included microphone in your listening position, push a single button and speaker placement, distance and delays are automatically adjusted. Your ideal listening experience is only a button away.

**One Touch Play (BRAVIA® Sync)** BRAVIA® Sync capability utilizes the HDMI™ CEC function to reduce the hassle and time consuming job of powering up and routing signals to your home theater components. With the simple push of one button on the remote, the BRAVIA® Sync feature powers

STR-DH800

7.1 channel Blu-ray Disc™ A/V Receiver with more power & connectivity

 Antenna Terminal (FM 75 Ohm): 1 (Rear)  
 Headphone Output(s): Yes (Gold)

Power

Power Requirements: 120V 60Hz  
 Power Consumption (in Operation): 240W  
 Power Consumption (in Standby): 0.3W

Hardware

Remote Control: U-RM, RM-AAU021

Speaker

Speaker Terminal Type: A: Front (Screw)/Others(Push), B:Push

Weights and Measurements

Weight (Approx.): 18.3 lbs. (8.3kg)  
 Dimensions (Approx.): 16.9 x 6.2 x 12.6 in (430 x 157.5 x 322mm)

Supplied Accessories

RM-AAP043 Remote  
 2 AA Batteries  
 Mono Microphone for setup  
 Owners Manual  
 Quick Start Guide

Color: Black  
 UPC Code: 027242754379

1. Transmits up to 164 feet. Signal and sound quality may vary.
2. Works with BRAVIA® or Theatre Sync™ labeled home audio/video products when connected via HDMI.
3. Sirius requires optional antenna and subscription service.
4. Requires Digital Media Port accessory compatible with the device (sold separately).
5. Requires HDTV with HDMI connector (sold separately) and equivalent display capability. Image quality will vary.
6. iPod® support is limited based upon which optional Digital Media Port is being used. The TDM-IP10 will support the following players: iPod® touch, iPod® classic, iPod® Nano 1st, 2nd & 3rd generation, iPod® 4th & 5th generation & iPod® Mini. The TDM-IP 50 adds iPhone™ support as well.
