Seagate is the world's
largest manufacturer
of disc drives.

3.5-inch External Hard Drives

Fill it with life!

These easy-to-use external hard drives let you quickly store and protect your valuable digital memories, and safely duplicate important personal files.

- Protect your digital photos, home videos, music, DVDs and more. These Seagate hard drives are an affordable way to back up all your data from business documents to e-mails.
- Simply drag and drop your files to the drive icon—designed to be easy-to-use so you don't have to worry whether your files are safe.
- Compact and lightweight, these hard drives fit anywhere in your home or home office and also work great with notebook computers.
- Extend the life of your computer with the extra room you need to protect your valuable data—today, and in the years to come.

3.5-inch External Hard Drives

For your digital life

Trust your digital world to Seagate

Seagate is the number one manufacturer of digital storage drives. For more than 25 years, Seagate has been the preferred choice of computer manufacturers and discerning consumers worldwide.

Engineered for high performance

These blazingly-fast 7200-RPM drives let you effortlessly and quickly work with massive amounts of data.

Run cool, stay quiet

These technically advanced drives feature whisper-quiet operation and external vents to ensure they don't get hot.

One-year limited warranty

Full guarantee covers parts and labor.

Free tech support

Rely on Seagate for friendly, free technical advice even after your warranty ends.
