8 Port StarView USB Console KVM switch with OSD

StarTech ID: SV831DUSB

Manage all your computers from one convenient location with a StarTech.com KVM switch. The StarTech.com SV831DUSB let you connect 8 USB or PS/2 computers using only one USB keyboard, mouse, and monitor. Convenient pushbutton and hot-key commands allow for quick, reliable switching between your systems. Manual and Auto scan modes are supported. Our slim design needs only 1U in your cabinet and uses rear cable connections for maximum space efficiency. Multiple SV831DUSB units can be cascaded to support up to 64 computers

Applications and Solutions

- > Co-location/ISP computer control
- > Datacenter computer control
- > Manufacturing line computer control
- > PC test/burn-in computer control
- > Server farms

Features

- > A dependable 3-year warranty provides peace of mind
- > Auto-scan function automatically selects computer sequentially
- > Cascade configuration expands system capability
